Business analyst and project manager with postgraduate Business Analytics studies (GPA 5.0) and **2+ years in e-commerce operations across 9 European markets**. I map workflows, find logic gaps and root causes, and work with 5-7 external partners every day. I caught errors in an order-cancellation process before it was automated; the automation now saves my team **~20 hours a month**.

PROFESSIONAL EXPERIENCE

Sales Platform Specialist

Morele.net

Kraków

03.2025 - present

- ◆ Read the process map behind the order-cancellation automation before it was built, flagged logic gaps and helped correct the version that went to implementation; the automation saves the team **~20 hours a month**.
- ◆ Sales and after-sales support for **9 European markets** (PL, FR, NL, BE, GB, ES, IT, DE, SE), each with its own platform rules; direct client communication in English.
- ◆ Daily work with **5-7 external partners** to resolve logistics issues and keep the supply chain running.
- ◆ Monitoring ticket timeliness against **KPI targets** and root-cause analysis of systemic errors, so fixes hold.

Customer Service Specialist

Morele.net

Kraków

07.2024 - 03.2025

- ◆ Full ticket lifecycle (internal and external), with cross-department communication and task prioritization.
- ◆ Coordinated logistics and finance processes: order changes, invoices, delivery dates, payments.
- ◆ Complaint analysis and reporting; advice on offers and company policy by phone, chat and e-mail.
- ◆ Trained and onboarded new team members; moved to the platform team through internal recruitment after 8 months.

Senior Croupier

HIT Casino

Kraków

09.2020 - 05.2024

- ◆ Supervised operational workflow and coordinated a **3-5 person team**.
- ◆ Fast, accurate decisions under high time pressure; strict financial and compliance procedures.
- ◆ Service for highly demanding clients; trained and onboarded new team members.
